

FORCE-STEER AXLES

UNMATCHED SAFETY, RELIABILITY, AND LONGEVITY

**SUPERIOR AXLES
THROUGH INNOVATION™**

The KGI Inline Kingpin Force-Steer Axle is built to handle the toughest jobs in the heavy-duty transportation industry. With precision maneuverability and high load capacity, you will get more done and perform at your maximum potential.

Manufactured with high-quality materials and backed by over 45 years of industry expertise, the KGI Inline Kingpin Force-Steer Axle is the right axle to help your fleet maneuver around the competition.

MAXIMIZE EFFICIENCY, CUT COSTS, AND BOOST DURABILITY FOR YOUR COMPETITIVE EDGE

BEST USED IN

- Aerospace
- Construction
- Infrastructure

BEST USED ON

- Custom Heavy Haul
- Mobile Equipment
- Specialty Transport
- Steer Dollies

ENHANCED MANEUVERABILITY

helps you easily navigate through tight spaces and variable terrain.

PROVEN MINIMAL MAINTENANCE

means you can stay on the road, reliably and consistently.

HIGHLY CUSTOMIZABLE

for very specific operational needs across industries.

OPPORTUNITY FOR INCREASED PAYLOADS

allowing you to carry more for more profitable hauling.

VERSATILE, SAFE AND COMPLIANT

across multiple industry standards.

Designed to **fit seamlessly into North American fleets** and comply with local regulations, so you don't have to worry about compatibility.
